## **About This Game**

Dracula has summoned you to prepare his library for his coming absence. Dracula's books need to be safe for a long period of time. Many of the ancient texts cannot be touched by mortal hands or they will be damaged beyond repair. You must use your wand of lightning to invoke numerous spells to organize and seal the ancient tombs. Invisibility will then be cast at the end to protect them from thieves. You have only nine counter spells that will fix running out of time for the spells but can earn more through progress.

54 increasingly difficult levels.

Six symbol types that must be cast to properly seal the tomes.

Some variations of symbols can be figured out to shorten cast/draw times.

Title: Dracula's Library

Genre: Action, Adventure, Casual, Indie, RPG, Simulation

Developer: G. Malta Publisher: VRS

Release Date: 13 Jul, 2017

a09c17d780

Minimum:

**OS:** Windows 7 or more recent.

**Processor:** 2.4 quad core or higher.

Memory: 8 GB RAM

Graphics: 1gb Non integrated card

**DirectX:** Version 9.0c

Storage: 2 GB available space

**Additional Notes:** If any issues running, use windows 7 compatibility mode.

English

I like the Class 68.

9\/10

The sounds are quite good and the info screens work! The speedometer looks cool and the MK2s are decent. However, the air brakes are very sensetive. One tiny push and you go straight into emergency! Also, just 1 livery? I know this was released in 2016 but you still had the standard DRS livery.

I recomend this addon. It ok, kind of like it. One thing I think this game fails in is that I get intressed in the end, but not the journey to the end. I can see why people like this game because there's a lot to like. Very nice style for a 2d game. Clean graphics with great animation. A lot of the puzzles are really innovative and fun.

So why don't I recommend it? For one thing, it's pretty expensive for this type of game. The story is barely there at all. I know plot and characters aren't incredibly important for this type of game but I appreciate caring a bit more about progressing. Finally I would have prefered if the game had just stuck to turn based. The real time portion feels like innovation for its own sake. I think it slows down the game and makes it less fun.. The game is good, the music fits the stages great gameplay

great physics
makes your brain work to find a way to beat the stage

. superb,a bit difficult at first finding your feet with the cards but once it clicks its fantastic. Short, very short, stylish puzzle platformer.

Recommended to play in local co-op.

The game has issues on startup with two Xbox360 controllers loosing sink and causing freezes. Problem got bypassed (never fixed) by alt-tabbing and back. Game takes ages to load intro and first level.

"Rope-shadow" mechanic button configuration is minfdnumbingly stupid.

The last part with the boss is annoying.

I love boarding ships. Save your money and buy some tic tacs instead. You'll have more fun that way.. BUY IT! ......Hours of fun!. Just get GOTY edition. The season pass does NOT give access to all gameplay-content expansions.. I'm very grateful that I got this when it was on sale.

The combat is awful since ships don't respond to controls, and the economy gets extremely repetitive. Automatic trade routes don't really work either since the commodities are constantly shifting in availability, and the computer creates complex alliances which defy all notions of imperialism. It gets \u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2665\u2

It's a great concept, but extremely poorly executed. Game was so fun i bought the whole series.. started playing for a few miunets and my mouse flew thru the window.. creators. you owe me a new mouse.

Rage simulator 2017
