Hello I'm on a Iclone Hair Pack. And I see the whole packs on the page, but I can't install it on my CC. Why? Hi.

Apologies for not replying earlier. I've been on the "Pre-Release" site and have been encountering some issues, but I think I've ironed out the bugs. I'll let you know as I download the pack and then you'll be able to download it . This Special Price is only for users who choose this combo pack before Volume 2 releases. *If you don't want to take all hairs, single hair . I did not want the hair I have now so I searched for other hair types and found this hair pack. If I had known the money would be 10 times higher I would not have bought it -.- Can anyone tell me if the hair in this skin pack will work with CC as a hair template or does it need to be applied as a layer with the template to work with CC as a hair template? I cloned and compiled a set of hair packs under the CC skin bundle with the base skin. Sizzling round-up of the Icloned latest offerings
